A Note to High Schools

The *Careers That Work!* scholarship program provides tuition assistance for high school graduates pursuing education at a participating career college.

We appreciate your commitment to guide each student toward appropriate post-secondary education and thank you for helping them reach their career goals. The scholarship program makes available five $1000 tuition scholarships to all public and private high schools in Idaho, Oregon, and Washington.

The high school identifies the student that receives the scholarship. The recipients must be accepted by the college to validate the scholarship. Scholarships are non-transferable and valid only for attendance at the colleges listed in this brochure.
