

2011 Annual Conference

June 15-17th, 2011

The NWCCF 42nd Annual Conference is the premier “must attend” event for career colleges in the Northwest. With over 20 sessions on critical subjects, attendance will provide skills, knowledge, best-practices, new ideas to help shape solutions to challenges and the benefit of peer relationships. The time invested to attend will provide a tremendous return.

Think the conference is just for the bigger, accredited schools? *No way!* If you’ve never attended, make the decision *now* to invest in the knowledge exchange that happens at the conference. SMALL SCHOOLS will find practical information that will help you maneuver growth obstacles and develop management practices. Staff too small for you to be gone both days? Check out our one-day options. Information gained will be worth the time taken away from the office.
