

C. L. "BUTCH" OTTER  
GOVERNOR

February 1, 2008

Dear High School Administrator,

Young people are our future, and indeed our most precious resource in this great state. We are entrusted with the responsibility of providing the best possible education for them, making certain that all students have an opportunity to gain the skills necessary to succeed in the workplace and in life.

To help make this important goal possible, members of the Northwest Career Colleges Federation (NWCCF) have created a program that encourages students to complete high school and begin the career of their choice. More than 70 Northwest colleges participate in the *Careers That Work!* Program, and three students from each Idaho high school will be eligible for a \$1,000 tuition scholarship at a participating higher education institution.

I commend the NWCCF for making this statewide contribution to help our young people build a bright future, both for themselves and for the state of Idaho.

As Always – Idaho, "Esto Perpetua"
