

THEODORE R. KULONGOSKI
OREGON

October 22, 2007

Dear High School Administrator:

Our young people are our most precious resource, and ensuring the best possible education for them is one of our most important responsibilities. All students should have an opportunity to gain the skills necessary to succeed in the workplace and in life.

To help make this possible, members of the Northwest Career Colleges Federation (NWCCF) have created a program that encourages students to complete high school and begin the career of their choice. Three students from each high school in Oregon who choose to pursue education at a college that participates in the *Careers That Work!* program will be eligible for a \$1,000 tuition scholarship, to be honored by any participating institution and awarded by their high school.

I commend the NWCCF for making this statewide contribution to help our young people build a bright future, both for themselves and for the State of Oregon.

Sincerely,

THEODORE R. KULONGOSKI
Governor
